SUPER STUNTS!
Super Stuntman returns and takes to THE Italian Supercar for an action packed turbo charged dash across five hazard filled levels!
Put your foot to the floor – the scene has GOT to be spectacular. You screech around the bend, scrape the doors on the bridge wall at 150 mph – watch out a cavernous canyon looms ahead! Hit the ramp with everything you've got – you'll have to be really motoring to reach the other side!
So that's not tough enough then? Well what if you're being pursued by murderous copters and cars – launching grenades and deadly bouncing bombs – now we'll see if you can REALLY handle this Italian Supercar!
FIVE DEADLY COURSES!
